

Fast track your ERP implementation.

# Dynamics Business Central Jumpstart Packages

Our Jumpstart Packages on Dynamics Business Central will help you to accelerate your ERP implementation without sacrificing the needs of your business. Activate a new financial management system and start transforming the way you do business today!

## Dynamics 365 Business Central

Business Central is the top choice of small to medium businesses with its ability to handle all financial, manufacturing, sales, supply chain, marketing, project management, HR and services information needs without the need for additional software. Canadian businesses are switching to Dynamics Business Central because it allows you to:

### **Manage your financials.**

Connect data across accounting, sales, purchasing, inventory, and customer interactions to get an end-to-end view of your business.

### **Optimize business operations.**

Achieve on-time delivery and cost control by synchronizing your manufacturing and warehousing operations.

### **Automate & secure your supply chain.**

Use built-in intelligence to predict when and what to replenish. Purchase only what you need with dynamically updated inventory levels.

### **Make smarter decisions.**

Set the stage for better informed decisions. Built-in analytical and reporting tools will give you vital performance insights.

## What do you get from our Jumpstart Packages?

Small to medium sized businesses looking for a way to move quickly to Dynamics Business Central can benefit from our Business Central Jumpstart Packages in these ways:

### **1. Accelerate your ERP deployment**

Fully functional ERP system implemented in as short as 4 weeks.

### **2. Fixed monthly payments**

Affordable down payment and the rest payable in 12 months.

### **3. Get reports the way you want it**

Get up to 5 custom reports as part of your implementation.

### **4. Deploy with confidence**

Get the training and support that you need during go-live.
